

SUNDAY CHARITY COLLECTIONS

It is the policy of WSUU to give one half of the undesignated donations from the Sunday collection to a nonprofit charity or organization which supports our UU principles. Members are welcome to suggest a charity and can do so by filling out a Donation Suggestion Form or by contacting the donation organizer.

The donation organizer will work with a representative from both the Sunday Services and Social Justice committees and the RE Director to select and schedule the donations. The schedule will coordinate with Sunday service topics and social justice projects when possible and will provide opportunities for our children and youth to be involved in the selection process. Scheduling will be done in advance, but will be as flexible as possible in the event of unexpected needs.

The donation organizer will provide the office staff with information on the donation recipients for publication in the order of service and to expedite processing of the donations. The organizer will also work with the office to keep records of donations and publish the amounts donated after the collection.

Organizations selected to receive donations must support our Unitarian Universalist principles, be non-profit and not affiliated with a political candidate.
