WSUU COVID GUIDELINES

In this phase of the pandemic, we are prioritizing inclusion and consent. Masks will continue to be required in our Sanctuary on Sunday mornings or other all church events offered in this space. Masks during Social Hour will remain optional, with a preference for replacing your mask after eating or drinking. Individuals and small groups meeting at the church can decide together whether or not to wear masks while in the church building after discussing their needs and preferences. In all situations, opening of windows for ventilation is strongly encouraged when more than 2 persons are in a church space.
